

19EE404 Digital Electronics

Topic:

Race

Overview of the Topic

This topic involves two types: critical race and non-critical race. From the transition table, the type of race is identified. Also, the disadvantages of races are also discussed

Teaching Method

Video Lecture

Proof for the activity

<https://www.youtube.com/watch?v=5aHvannrCCo>

Feedback from the students about the activity and Knowledge gained

Students got the knowledge to identify the type of race.

Outcome of the activity

Students are able to design the circuit without race.
