

PROGRAMME ASSESMENT COMMITTEE (PAC)

The following points were discussed in the PAC meeting held on March 24, 2021 for the discussion of course selection towards academic year 2021-2022 (Odd Sem) in the Department of Civil Engineering.

The meeting was convened by Ms. M. Kalpana (HOD/Civil) and coordinated by Dr. S. Padma (Autonomous Coordinator/Civil).

S. No	Faculty Attended	Designation
1	Dr. C. Jenifa Latha	Professor
2	Dr. L. Kanagarathinam	Associate Professor
3	Dr. G. Venkatesan	Associate Professor
4	Dr. D. Suresh	Associate Professor
5	Mr. M. Madhan Kumar	Assistant Professor

- The subjects chosen for the VII, V, III and I semester were explained by the Autonomous coordinator.
- Suggestions were made for the inclusion of a course on Construction Project and Management in the forthcoming semester as it will help the students to cope up with the needs of project planning and scheduling for all domains in Civil Engineering.
- Suggestions were given for the inclusion of open elective courses OGI751 Climate Change and Its Impact and OGI752 Fundamentals of Planetary Remote Sensing for the final year (R2017) students.
- The road map in guiding students for selecting courses semester-wise and choosing stream-wise elective papers were discussed.
